

September 6, 2018

Dear Pre-K Parents/Guardians,

Welcome to the Beverly City School. My name is Jamie Weller and I am the school nurse. The State of NJ requires all children **up to 5 years of age** attending schools and/or daycare centers within the State be immunized against the flu during the current flu season. I am writing to notify you of this requirement so you have ample time to make arrangements and ensure that your child receives the flu shot. Please submit documentation to the nurse after the immunization has been received. If I do not receive documentation by December 31, 2018, your child will be excluded from school for the duration of flu season, per NJ State Regulations.

Thank you for your time and attention to this matter. If you have any questions or concerns, please feel free to contact me at any time.

Sincerely,

Jamie Weller, MSN, RN, CSN-NJ
Certified School Nurse
