**AGENDA**

**1. CALL TO ORDER**

The New Jersey Open Public Meeting law was enacted to ensure the right of the public to have advance notice of and to attend the meetings of public bodies at which any business affecting their interests is discussed or acted upon. In accordance with the provisions of this Act, the Beverly City Board of Education has caused notice of this meeting to be given by having the date, time, and place faxed to City Hall on Broad Street and advertised in the Burlington County Times in writing on January 16, 2022. A copy was also submitted to the Beverly Post Office.

There will be two opportunities for public input at every Board of Education meeting. The first opportunity, titled "Public Comment on Agenda Items Only," is your opportunity to provide comments to the Board of Education, prior to the Board taking action. This opportunity is only for items that appear on the agenda.

The second opportunity, titled "Public Comment," is your opportunity to ask questions or provide comment that may be of interest to the educational welfare of the district but is not restricted to agenda items only.

At no time during these public comment periods will the Board allow disparaging remarks about students, district personnel, or members of the Board of Education. In addition, the Board will not allow remarks about specific students or district personnel. If such remarks are made, the Board President will declare the speaker out of order and will request the speaker cease and desist from making such comments. Refusal to do so may result in removal from the Board meeting.

## Language Acquisition through Motor Planning (LAMP)

ID: I-XVD7N0

### SESSIONS

### ABOUT THIS COURSE

### ADDITIONAL INFORMATION

#### **Part 1: Foundations of the Therapeutic Approach**

LAMP is an augmentative alternative communication (AAC) approach designed to give individuals who are nonverbal a method of independently and spontaneously expressing themselves through a speech generating device. This course will cover the components of LAMP: readiness to learn, engaging the learner through joint engagement, and learning language through a unique and consistent motor plan paired with an auditory signal and a natural consequence. Discussion will include how this approach addresses the core language deficits of autism, device features that are beneficial to teaching language, and how to use those features to implement LAMP components. Videos will be used to illustrate the treatment components.

PRCs language systems and devices will be used to illustrate treatment components; however, LAMP principles can be applied to other products. Due to the limited duration of this course, hands-on time with devices will be limited to breaks.

#### LEARNING OUTCOMES

1. Define the role of readiness to learn and shared focus in the implementation of AAC with children with ASD.
2. Explain the importance of using motor patterning to develop motor automaticity for children with ASD who use AAC.
3. Examine the use of a form/function profile as well as an interest inventory for use with children with ASD.
4. Discuss implementation strategies for teaching children with ASD to use AAC

4. Discuss implementation strategies for teaching children with ASD to use AAC.

2. Discuss strategies for analyzing the efficacy of communication treatment.
