PREFACE

The Standard Operating Procedures and Internal Controls is a document that outlines the business practices that are approved by the Beverly City Board of Education and administered by the Beverly City Business Office. It is intended to be used as a reference manual by administrators, secretaries and any staff members that have Budgetary/Financial responsibilities. Its purpose is to provide an efficient control and accountability system that will help assure appropriate use of public funds. The principles of this manual are based on Generally Accepted Accounting Principles and rely on an assumption that individuals have a general understanding of the financial process of a school system. For this program to operate at optimum efficiency there must be a spirit of cooperation, teamwork and communication between the school staff and the Business Office.

SECTION I – INTERNAL CONTROLS

OVERVIEW:

Internal controls are not separate systems of the school district. Controls are not an isolated activity but an integral part of each activity used to guide the district.

Establishment, maintenance and evaluation of the internal controls are the responsibility of the administration. The evaluation of internal controls includes identifying the framework used by the administration to determine the effectiveness of the internal controls.

Controls are in place to detect or prevent errors and fraud. An error is an unintentional mistake that has the potential to affect the financial statements and fraud is the intentional misuse or misappropriation of district assets.

OBJECTIVES OF INTERNAL CONTROL:

The three objectives of internal control are to ensure the effectiveness and efficiency of operations, reliability of financial reporting, and compliance with applicable laws and regulations. The safeguarding of assets is a subset of all of these objectives.

Continuous monitoring and testing is needed to help to identify poorly designed or ineffective controls. The administration is also responsible for communicating the objectives of internal control and ensuring the organization is committed to sustaining an effective internal control environment.

COMPONENTS OF INTERNAL CONTROLS:

The five components of internal controls include the control environment, administration's risk assessment, administration's communication of the controls, control activities and monitoring of the controls.

CONTROL ENVIRONMENT:

The control environment includes the organizational structure, the control framework, the district's policies and procedures and internal and external influences. The tone set by the school district's board and administration determines the attitude toward the controls of the district.

ORGANIZATIONAL STRUCTURE:

The organizational structure determines the administration's responsibilities and the sets the relationship with the board, which sets the policies.

CONTROL FRAMEWORK:

Elements of a control framework include the following:

Segregation of duties to help ensure the reliability of the organization's internal controls. One person should not have access to all stages of a process. If there is not proper segregation, situations could arise where errors or irregularities occur and go undetected.

SECTION I – INTERNAL CONTROLS

Integrity and competence of the personnel performing the duties are key to achieving the desired controls. This includes hiring the proper people and continually training personnel. It is important to ensure that employees who perform financial tasks have the knowledge and skill to perform their duties. Communication by the administration of the controls and the employee's responsibilities are as important as ensuring that employees know how to communicate irregularities that may arise.

Proper supervision of employees is needed to ensure proper execution of control activities.

DISTRICT'S POLICIES AND PROCEDURES:

The district's policies set the overall direction of the district. Procedures for all areas of financial preparation, reporting, operations, transportation, maintenance, personnel and payroll are needed. These policies and procedures will become the basis for the determination of compliance.

ADMINISTRATION'S RISK ASSESSMENT:

The administration has to conduct an assessment of risks relevant to the financial statements. This includes the identification of potential risks, the analysis of the potential impact of those risks on the ability to properly report the financial statements and the overall management of risks. Items to consider in the risk assessment of the district include, but are not limited to:

1. New personnel or new duties for existing personnel
2. How a change in accounting information system impacts controls and how effectively the training of personnel on a new system was conducted
3. Changes in the regulations and laws that may affect the control environment
4. Record storage is appropriate and secure (fireproof cabinets when needed for manual documents and proper passwords and access limitations for electronic information)
5. District limits access to computers and data files
6. Segregation of duties
7. Transactions are recorded timely
8. Cash is deposited timely
9. Assets are physically safeguarded
10. Transactions are performed by only authorized personnel
11. Reconciliations are properly and promptly completed
12. Occurrences of management override

INFORMATION AND COMMUNICATION:

The administration needs to determine if the information systems utilized in the district are adequate and relevant for their intended purpose.

The district's administration is responsible for communicating the controls of the district and the responsibilities of each employee in the control system.

The administration is also charged with reviewing information that may indicate a flaw in the controls that would not allow the control to detect an error in a timely fashion.

CONTROL ACTIVITIES:

Control activities include the policies and procedures that are in place to achieve the controls desired. Documentation of the control activities is vital to the overall control environment. These activities include, but are not limited to:

1. Segregation of duties
2. Transactions are recorded timely
3. Cash is deposited timely
4. Assets are physically safeguarded
5. Transactions are performed by only authorized personnel
6. Reconciliations are properly and promptly completed

CONTROL ASSERTIONS:

Control activities can be categorized into one or more assertions. All assertions should be addressed for each process (payroll, cash disbursements, etc).

1. Existence (E) /Occurrence (O) – Existence is whether the assets or liabilities of the district exist at any given point in time (cash, state aid receivable). Occurrence is the whether the transaction took place (goods were received before the PO was moved to accounts payable from encumbrances)
2. Valuation (V) or Allocation (A) – Valuation is whether the asset or liability is included on the board secretary's report at the proper value (the amount of cash or state aid receivable). Allocation is whether the revenue and expenditures were recorded in the proper amounts.
3. Accuracy/ Classification (A/CL) – transactions are recorded accurately and the classification of the transactions are proper.
4. Completeness (CO) – is whether all transactions are included (unrecorded purchase orders).
5. Cutoff (C) – Transactions are recorded at the proper time (purchase orders written in the proper year).

MONITORING:

The administration is charged with reviewing internal controls on an ongoing basis. Monitoring can include responding to the recommendation of the auditor in changes in the controls. Reviewing correspondence from outside sources such as banks and vendors for unusual items is part of monitoring.

Employees should be required to "sign off" on their understanding of the control activities and their responsibilities in those activities.

AFTER THE CONTROLS ARE ESTABLISHED:

Once the district establishes controls, those controls need to be evaluated at least annually and anytime circumstances dictate. Changes in personnel or regulations are examples of these.

As controls are evaluated they will either be effective or ineffective at achieving the proposed control. Controls are effective when there would be no material weaknesses in internal controls involved in financial reporting. Ineffective controls would be those where at least one material weakness exists. If a control is determined to be ineffective, then the control deficiency needs to be evaluated.

CONTROL DEFICIENCIES:

A control deficiency exists when the design or operation of a control does not allow the administration to prevent or detect misstatements on a timely basis. A design deficiency exists when a necessary control is missing or is not designed to enable the control objective to be met. An operational deficiency exists when control is designed properly, but does not operate as designed or the person performing the control is not qualified to perform the control.

A deficiency may exist that is unavoidable (segregation of duties in a small office). For these, compensating procedures should be put in place. These compensating procedures do not correct the deficiency.

REASONABLE ASSURANCE AND LIMITATIONS ON CONTROLS:

Reasonable assurance is a high level of assurance, but is not absolute. The district should understand that potential fraud could exist and not be detected timely in the following circumstances: when the district has poorly designed or operated internal controls, or when there are too many overrides of controls, when there is collusion between employees or between an employee and a third party.

REVIEW OF DISTRICT PROCESSES:

When reviewing processes in the district, it may help to consider incorporating the "5 Ws".

1. Who performs each activity? Who receives the outcome of the activities?
2. What activities are performed? What forms and reports are used? What computer systems and files are used?
3. When are activities performed? What is the sequence of activities? What is the timing of the activities? What is the frequency of the activities?
4. Where are activities performed (i.e., board office, school, etc.)?
5. Why are activities performed (i.e., what risks are controlled, what control assertion does process step serve, etc.)?

One final consideration should be whether any changes to the process will increase the efficiency of the process or firm up the controls.

CONTROLS LISTED:

The controls listed here are not intended to be a complete list of controls, as each district will have different processes, controls and concerns. These items should be used as a beginning for the review of controls.

EVALUATING INTERNAL CONTROLS

TITLE: Internal Control

Subtitle: Evaluation of Internal Controls

Purpose: To ensure that controls are evaluated on as periodic basis to ensure the controls continue to be effective.

Procedure:

1. The business administrator will establish a process to evaluate internal controls over all areas of financial and operational procedures in the district.
2. These internal controls should be evaluated at least annually and every time one of the following conditions exists:
 - a. Change in personnel performing a control function
 - b. Change in accounting system
 - c. Change in regulations
3. As the controls are evaluated, a determination should be made that designates the control as either effective or ineffective. Ineffective controls should be changed to achieve the proper level of effectiveness required.
4. Written documentation of the review of the controls in place should be kept.

COMMUNICATING STAFF MEMBERS ROLES

Title: Internal Control

Subtitle: Communicating staff members role in the Internal Controls

Purpose: To ensure that everyone in the district who performs or should perform a control function understands the control.

Procedure:

1. The business administrator will establish a procedure to ensure the all employees and board members who are charged with a control understand the importance of the control and their role in the control environment.
 - a. Controls that are not performed with an understanding of the control will not be effective.
 - b. A review of the controls and the staff members' role in the controls should be conducted at least annually and anytime there is a change in the control, the personnel or the laws and regulations affecting the control.
 - c. Documentation of these reviews should be maintained.

CASH CONTROLS

Title: Internal Control
Subtitle: Cash controls

Purpose: To identify the controls over cash and the personnel responsible

Procedure:

Cash Receipt activities:

As cash has a greater likelihood of mishandling, it is imperative that control and recordkeeping be thorough, prompt and accurate.

Cash generated in District operations must be deposited within 48 hours.

Whenever possible, ticket sellers should deposit cash immediately following the event. Ticket stubs must be delivered with the deposit ticket to the Business Office within 48 hours of the event.

If it is not practical to deposit cash receipts at the bank, the cash must be delivered to the Business Office as soon as possible. An employee of the Business Office must count the cash in the presence of the delivery person and render a written receipt.

Any time cash must be transferred, the cash must be counted in the presence of the delivery person and a written receipt rendered.

PAYROLL CONTROLS

Title: Internal Control
Subtitle: Payroll controls

Purpose: To identify the controls which exist over payroll related items.

Procedure:

1. The Business Administrator will establish controls that help ensure that the errors and fraud in payroll would be detected in a timely manner. These controls may be some or all of the following:
 - a. With respect to payroll:
 - Search for fictitious employees
 - Determine improper alterations of amounts
 - Verify that proper tax deductions are taken
 - Examine time sheets and trace to payroll records in order to verify the proper recording of employee hours.
 - Verify the accuracy of pay rates by obtaining a list of authorized pay rates from the personnel department.
 - Review the adequacy of internal controls relating to hiring, overtime, and retirement.
 - Determine if proper payroll forms exist such as W-4s and I-9s.

Tri-annual payroll verification will be conducted in compliance with State regulations that require employees to physically pick up their pay stub at a district facility upon presentation of required photo identification.

Title: Use of School Facilities

Purpose: Buildings and facilities are constructed and purchased by the Board of Education for providing a school program. The Board encourages community use of these facilities providing that this use does not interfere with the program of the school.

Procedure:

The Board of Education authorizes the Superintendent to approve and schedule the use of school facilities by school related and non-school organizations. The Board reserves to itself this authority to approve the use of school facilities by non-school organizations. It is the position of the Board to approve only community groups whose organization's function will benefit the pupils of the school/ community or the school district.

The rules and regulations thus adopted are designed to safeguard a community investment while at the same time to permit use of the school facilities by the community.

The Board of Education shall hold each organization financially responsible for damage to facilities while in its care and retain the right to refuse further permission to any organization not complying with all rules and regulations.

The Business Administrator shall request the organization using the facility to supply proof of insurance coverage. Minimum acceptable coverage is one million dollars combined single limit (insurance limits). The insurance certificate must name the Board of Education as co-insured. The insurance certificate must be submitted with the application for use of school property. Except for costs incurred by the district to provide personnel or special services, charges for the use of school facilities shall be waived for those organizations only that have been listed or approved by the Board.

SPECIAL REGULATIONS FOR USE OF AUDITORIUM

1. Youth groups must be sponsored by a responsible adult group with the names of sponsors given in the application. These sponsors must be present at the activity.
2. The Public Address system, lighting panel board, movie screen, etc, must be operated by a school authorized person.
3. No food or drink is to be sold or consumed in the auditorium.
4. Visual Aids equipment furnished by the user must be approved by a school coordinator for proper use through our sound system.
5. No smoking is permitted in the auditorium or anywhere in the school.
6. Adequate outside security must be provided by the using organization.

SPECIAL REGULATIONS FOR USE OF CAFETERIA

1. Groups giving dances must conform to all rules and regulations for use of the cafeteria.
2. The clean-up committee of the group must make arrangements with the school coordinator for removing debris and work required to restore the cafeteria to its original condition.
3. Youth groups sponsored by adults must submit a list of chaperons with application.
4. No smoking is permitted anywhere on school grounds.
5. Control of the group is the responsibility of the adult sponsors.
6. Adult groups using the cafeteria or kitchen will adhere to all rules and regulations of the Board of Education.
7. All food must be consumed within the cafeteria. All refuse must be placed in proper containers.

SPECIAL REGULATIONS FOR USE OF GYMNASIUM

1. Black soled sneakers are not permitted on the gym floor. Sneakers with white soles must be worn at all times, by participants, referees and coaches.
2. A responsible adult together with a custodian must check all facilities used after participants have left. Damage should be noted, all water and lights turned off.
3. Groups using the gym must meet outside the door with the responsible adult at a designated time. The entire group will be admitted at one time by the custodian on duty.
4. Use of the gymnasium does not permit use of hallways for any reason except for bathroom use if necessary.
5. All rules and regulations apply whether admission is charged or not. Use of the gymnasium bears responsibility for supervision of the public lavatories, locker and shower room facilities and hallway traffic.
6. No smoking is permitted anywhere on school grounds.
7. No food/drink is to be sold or consumed in the gymnasium.
8. Youth groups must be properly chaperoned with the names of chaperons appearing on the application.

Title: Inventory

Subtitle: Disposal of Obsolete Equipment

Procedure:

Requests to dispose of outdated books and obsolete equipment must be made to the School Business Administrator. Such books must be at least five years old and equipment must be at least ten years old, with the exception of computers, and have been determined as obsolete by the professional administrative staff.

Following Board approval to declare items as surplus, the items may only be sold in compliance with State law and regulation.

If the estimated fair value of the property to be sold exceeds the amount determined by the Governor in any one sale and it is neither livestock nor perishable goods, it will be sold at public sale to the highest bidder. If the value is less than the amount, public sale is not required, but may be desirable.

All proceeds from the disposition of equipment or supplies will be deposited in the general fund of the Board of Education.

Title: Inventory

Subtitle: Equipment Identification and Accountability

Procedure: NEWLY PURCHASED ITEMS

1. When equipment items costing \$2,000.00 per item or more are received, each department must notify the Business Office. All information can be obtained from the Receiving Slip and/or the Purchase Order.
2. The Supervisor must describe the item completely. For example, "one tan, four drawer, legal size locking file cabinet" or "one gray secretarial chair, upholstered back and seat."
3. Forward the notice together with a copy of the purchase order to the Business Office. An asset number will be assigned. A scanable tag and a copy of the asset form will be returned to the principal/ department for filing. It is the responsibility of the principal/supervisor to ensure the tag is attached to the equipment.
4. An Inventory will be maintained and continually updated by the Business Office.

TRANSFERS AND DISPOSAL OF EQUIPMENT

1. When equipment is moved on a permanent basis the school/department initiating the movement must notify the Business Office. It is the responsibility of the principal/ supervisor to ensure the equipment is at the proper location.
2. When requesting disposal of equipment, send a request to the Business Administrator with all appropriate information.
3. The Business Office will use this copy to update the Inventory.

Title: Petty Checking or Cash Fund

Purpose: To establish a uniform method of account for the Petty Cash Funds

Procedure:

1. The Board of Education recognizes the convenience of a petty cash fund in the day to day operation of a school district, but the Board is also aware of the abuses that can result from the establishment of such funds unless there are proper controls.
2. The Board authorizes the establishment of a petty cash fund at the Business Administrator's Office.
3. In accordance with District Practice, no single payment from petty cash will exceed \$100.00. The Business Administrator shall insure that petty cash funds are spent only for stamps, delivery charges, office supplies and miscellaneous purchases. Funds shall not be used to subvert the regular purchasing procedure.
4. All funds are to be closed out on June 30. To accomplish this, final reimbursement will be into the Business Office for payment at the final Board Meeting in June. This will allow for turning in the local amount of the authorized fund in cash to the School Business Administrator for deposit back into the General Account of the Board. All Board approved funds will be reestablished on July 1.

**BEVERLY CITY SCHOOL DISTRICT
NEW JERSEY**

Title: Student Activity Funds

Purpose:

To establish financial controls for the administration of the various student activities operated for the benefit of the students, managed by adults, not part of the regular instructional program with the Board indirectly responsible.

1. The general organization of the fund to include student government, student clubs, student publications, school classes and class trips.
2. The Board authorizes the maintenance of student activity funds to be located at and known as the Beverly City High School Student Account and the G. Harold Antrim Elementary School Student Activity Accounts.
3. All funds must be self- sustaining, the responsibility of a designated person and administered by the Business Administrator.

Procedure:

1. Receipt of Funds:

- A. All funds will be collected by the Building Principal and/or the School Business Administrator or his/her designee. These funds will be deposited in a reasonable amount of time (no more than 48 hours) into the established bank checking account.
- B. All funds should be of an exchange nature and large balances should not be permitted to accumulate. Money should not be raised or collected unless there is a definite purpose for doing so.
- C. All deposited funds will be recorded in a Receipts Journal including the date of receipt, source of receipt, amount of receipt and the total amount of the deposit and will be maintained by the Advisor or Secretary in each school and/or the School Business Administrator.

2. Disbursement of Funds:

- A. Contracts for materials or supplies may be made by the School Business Administrator following applicable Board bidding policies and state.
- B. All funds will be disbursed from the established checking account on the authority of the School Business Administrator. All disbursements must be supported by a receipt, claim or company invoice.

SECTION III – CASH MANAGEMENT

- C. All checks written will be recorded in a Cash Disbursement Journal to include the date of check, payee, amount of check and activity or class to which it is to be charged.
- D. Checks require two signatures.
- E. Each month a bank reconciliation must be prepared by the Business Office and sent to the Advisors, which must be signed off and returned to the Business Office.

These reconciliations are kept on file, with all support documents, for review by the District Auditor and/or School Business Administrator.

Title: **ATHLETIC FUND**

Purpose: To establish the financial controls for the administration of the inter-scholastic athletic program to insure the program is operated fairly and efficiently, and the Board is fully informed of its status.

Procedure:

- A. The Athletic Account shall be the responsibility of the Athletic Director and administered by the School Business Administrator.
- B. The Board will provide sufficient funds to the Athletic Account to prevent a deficit.
- C. In order to comply with the legal requirement of the annual audit and to further comply with all state statutes the Board requires that adequate financial and bookkeeping controls be established to include the following:
 - 1. The books of account shall reflect the income of each approved sport.
 - 2. All payments for services shall be made through the regular purchasing procedures of the district, except for fees and athletic officials' fees, but no such fees shall be paid in cash.
 - 3. A checking account shall be established for disbursements from the athletic fund. Each such disbursement must be approved by the Athletic Director. All checks must be signed by the Athletic Director and the School Business Administrator or their designee.
 - 4. All gate receipts shall be immediately deposited or turned in to the designated person or the Athletic Director on the date of collection so they can be safeguarded.
 - 5. A financial report of the athletic fund shall be prepared monthly.

Title: Budget Account Number Coding

Procedure:

When preparing purchase orders for materials, supplies, equipment and /or services, it is important to use the correct budget account number as outlined by the Department of Education Chart of Accounts.

To assist administrators, supervisors and staff members who prepare purchase orders an example of how accounts are displayed has been developed. The GAAP accounts are broken down into 15 digits as follows:

11-190-100-610-3500: 11 - Fund 190- Program 100-Function 610-Object 3500- other

Title: Budget Development Process

Procedure:

School Budgets – Site Based Management

School Budgets are the responsibility of the Supervisors and Building Principal. It is also the responsibility of the Supervisors/Principal to justify proposed expenditures in each of the line item accounts. Supervisors/Principals track their school accounts during the year and request the necessary transfers needed to ensure no accounts are over- expended. If during the budget development process there is a need to reduce the school budgets, the Supervisors/Principal will be notified of the amount and is responsible for re-submitting the changes to the revised school budget. Below is a breakdown of the budget process.

Late Fall

Budget projections begin and budget memo is sent to all Administrators.

Early Winter

Meeting with the Superintendent of Schools, School Business Administrator, and individual School Principal or Supervisor to review needs for the following year. First draft of proposed budget.

**BEVERLY CITY SCHOOL DISTRICT
NEW JERSEY**

Title: Budget Transfers

Procedure:

Individual budget line item transfer requests are to be submitted to the School Business Administrator by the Building Principals and/or Supervisor. Requests must be submitted and signed using the approved form. When requesting a transfer from one account to another, the "from" account must have enough money to cover the transfer, if not, then the transfer cannot be completed. Make sure the correct account numbers that need to be affected are used and fill in the description of the account. The reason for the transfer must be noted.

Update transfer report as necessary, (suggested on a monthly basis), for submission to County Office twice a year (December and June).

Title: Grant Application Procedure

Procedure:

1. All grant applications must be submitted for approval prior to submission to the Board to the Building Principal. All grant applications require approval from the Superintendent and action from the Board of Education.
2. All other procedures as described in this handbook will apply to transactions involving grant funds.

**POSITION CONTROL
STANDARD OPERATING PROCEDURE**

Position control is a process to measure the current status of positions for personal services within the district in order to analyze their fiscal impact on the whole budget year. The impact of a position is determined by actual expenditures from the beginning of a fiscal year plus amounts set aside to cover appointments to the position for the remainder of the fiscal year.

The concept of position control implies that each position must be defined in specific terms and that the hiring procedure may not be completed until a specifically defined position exists for the applicant. Budget Status is determined by combining elements from the Position File, the Payroll Distribution File, and the Employee Data Base.

The base line year to use for position control is the snapshot date of February 1 of the prebudget year. Grouping should be established by budgetary function and object at a minimum.

According to 6A:23A-6.8, districts shall maintain an accurate, complete, and up-to-date automated position control roster in order to track the actual number of employees, as well as the category of employees in detail.

The position control roster shall:

1. Share a common database and be integrated with the district's payroll system;
2. Agree to the account codes in the budget software.
3. Ensure that the data within the position control roster system includes:
 - i. The employee name
 - ii. The date of hire
 - iii. A permanent position tracking number for each employee including:
 - (1) An accurate expenditure account code(s)
 - (2) The building the position is assigned
 - (3) The certification title and endorsement held, as applicable
 - (4) The assignment position title as follows:
 - (A) Superintendent or Chief School Administrator
 - (B) Assistant Superintendent
 - (C) School Business Administrator
 - (D) Board Secretary (when other than I, II or III above)
 - (E) Principal
 - (F) Vice Principal
 - (G) Director

- ix. Each of the following:
 - 1. base salary
 - 2. step
 - 3. longevity
 - 4. guide
 - 5. stipends by type
 - 6. overtime
 - 7. other extra compensation
- x. The benefits paid by the district, net of employee reimbursements or co-pays, by type of benefit and for FICA and Medicare;
- xi. The position's full-time equivalent value by location;
- xii. The date the position was filled; and

SECTION V – POSITION CONTROL

xiii. The date the position was originally created by the board. If the date the position was originally created is not available, this item shall represent the date the person currently filling that position was approved by the board.

A. Purpose

The purpose of this Standard Operating Procedure is to describe forms and procedures needed to assign position control numbers and create or abolish positions.

B. Scope

These procedures cover all positions and all employees of the district.

C. Authority

The assignment of PCN's should be initiated by the CSA. Human Resources in conjunction with the SBA should maintain a list available to the CSA when hiring or transferring employees for the district. It is recommended that the PCN number be referenced in the resolution approved by the Board of Education.

D. Position

A position is a set of duties and responsibilities specified in a specific job description assigned to be performed by an employee of the district. A position may be full-time, part-time, stipend, permanent/non-permanent, seasonal (summer school, after school, athletics, etc.) and either filled or vacant. A permanent position does not exist until it has been authorized and established by the Board of Education, Human Resource and the Office of Business Administration.

E. Position Control Number – Creating and Maintaining

Position Control data is maintained in the Business Office. (See attached sample for creating.) It is recommended that monthly or semi-monthly before the payroll is processed a report or review be done of all employees being paid. This report or review should indicate at a minimum the individual's PCN and linked budgetary account(s) to be charged. Individuals not assigned a PCN must be assigned one and any vacant PCN should be noted for future reference.

F. Position Control Number (PCN)

A position control number (PCN) is created to represent each board approved contracted *position* within a district. These control numbers are attached to the budget spread, telling the system which account(s) the position is to be paid from. As the positions are filled, the corresponding control number is linked to the employee who is currently filling the position. Control numbers that are not linked to any employees represent vacant positions. An example: if your district has five board approved positions for high school math teachers, you would establish five PCNs to represent the five separate positions.

SECTION V – POSITION CONTROL

PCNs are independent of employee records. Each PCN represents a separate *position* within the district, *not* the employee who fills it at any particular time. Thus, if an employee leaves a position and the position remains open, the PCN remains active in the system representing a vacant position to be filled. Once an employee is hired for that position, the vacant PCN is then assigned to that person.

Vacant PCNs can provide an area where a projected estimated salary amount may be entered, providing the district with the ability to budget for positions that are expected to be filled. An assigned PCN will forward a calculated salary into the budget projection. As PCNs represent *positions* within the district, they are only added or deleted when a job position itself is either created or phased out.

G. Request for PCN for a New Position

Requests for the use of PCNs for new positions or to reactivate an abolished position shall include detailed justification and a cost benefit analysis. The Superintendent will determine if the new position is justified and that adequate funds are or have been budgeted. Based on this determination, the Superintendent will decide if a recommendation to the Board of Education will be made. The proposed PCN will be included in the recommendation to the Board.

H. Other

Each PCN shall be integrated with the payroll system to ensure that the correct budgetary account is charged. The PCN system should be able to track through payroll and the personnel system the position by account number, individual, PCN and the history of the use of the PCN.

I. Sample Reports

The attached sample reports are to give the SBA information on the actual full function of the use of an integrated and non-integrated PCN system and suggestions for creating actual position control numbers for staff within their particular district.

- Personnel to Payroll Spread – This report compare personnel information to payroll.
- History Report-This report shows reflects who has been assigned to a specific PCN.
- PCN by alpha-A simple alphabetical list indicating FTE, PCN, budgetary account charged, percent charged and salary charged.
- PCN by budgetary account- A list of all staff by budgetary account code with PCN, FTE, budgetary account charged, percent charged and salary charged.
- Recommendation for Formation of Position Control Numbers – Examples for PCN segments.
- Internal Control Questionnaire- An example of the segregation of duties with regard to the assignment of Position Control Numbers.

SECTION V – POSITION CONTROL

Recommended Format for Meaningful PCNs

Each individual district must develop a PCN format that represents their board-approved positions. If broken down into segments, PCNs are easily identifiable.

Office of the School Business Administrator Beverly City Public Schools

To: All District Employees

The purpose of this Purchasing Manual is to assist all Board of Education employees to comply with purchasing requirements imposed by law, regulation or policy:

New Jersey Public School Contract Laws, NJSA 18A: 18A et seq
New Jersey Administrative Code Sec. 5:34 et seq
Beverly City Board of Education Policy
Other Federal law or regulation

The Purchasing Manual is designed to achieve three goals:

1. To inform the user regarding pertinent law, regulation and policy;
2. Promote efficiency in purchasing practices; and
3. Achieve economy through proper purchasing practices.

We ask you, the user of the purchasing system, to help achieve these goals through proper planning. Please allow enough time between the need to generate an order and the time when the material or service is required; think of purchasing in terms of the entire year. Forecasting your needs accurately will permit the educational process to flow smoothly and efficiently while reducing frustration and inefficiency.

All staff involved in the purchasing process are urged to review this manual. This would include all administrative and supervisory staff, Principals, Department Heads, Teachers and Secretaries who are involved with the purchasing process. As all financial transactions of the District are subject to annual review and audit, it is important that proper procedures are followed. Thank you very much for your cooperation.

If you have any questions, please contact the Business Office.

School Business Administrator

PURCHASE ORDER PROCEDURES

Authority to Purchase

The purchase of goods and services by a Board of Education is governed by numerous laws, administrative code and Board Policy. New Jersey statutes (NJSA 18A: 18A-2(b)) assigns the authority to the School Business Administrator to purchase for the Board of Education.

The School Business Administrator is the only individual in the district that has authority to make purchases on behalf of the Board of Education.

Authorized Purchases

All requests for the purchase of goods and/or services must be made through an approved purchase order signed by the School Business Administrator.

A purchase order, pursuant to State law, is a document issued by the School Business Administrator authorizing goods or services to be ordered for the school district or for work or service to commence. No goods, materials or services may be authorized to begin by any other individual in the school district other than the School Business Administrator.

Unauthorized Purchases

Any Board of Education employee who orders and/or receives any materials, supplies or services without first utilizing the approved purchase process has made an unauthorized purchase.

UNAUTHORIZED PURCHASES ARE A VIOLATION OF STATE LAW.

Corrective Action for Non-compliance

If the School Business Administrator has determined that an unauthorized purchase has been made, a memo may be sent to the responsible individual advising the individual of the unauthorized purchase. The Superintendent of Schools shall receive a copy of the memo.

The responsible individual shall prepare a memo explaining the reasons why proper purchasing procedures were not followed. The memo will be attached to the purchase order and a copy of the memo will be sent to the Superintendent of Schools.

A repeat offense of an unauthorized purchase by the same individual within a school year will require that individual to attend a special in-service workshop on proper purchasing procedures. Other disciplinary action may be taken by the Board if the offenses continue after the additional training has occurred.

Preview of Materials

All staff members must receive permission from administrators, supervisors or principals to preview materials. After the preview process has been completed, the item must be returned. If there is a need to purchase the previewed material, then a purchase order must be prepared for the material.

Employee Reimbursements

The Board of Education only recognizes an employee reimbursement purchase order when it pertains to pre-approved travel, meals and conferences. The Board will not reimburse employees for items and goods personally purchased by the employee without prior approval from the School Business Administrator and Superintendent.

3

Student Activity Accounts

Purchases may not be made through student activity accounts in order to circumvent the purchase order procedure.

A. Responsibilities of the Originator of a Purchase Order – Preparing a Purchase Order

The person who prepares a purchase order has certain responsibilities before the order is sent to the administrator, supervisor or principal for approval. He/she is to ensure the following:

1. **Purchase orders are to be submitted electronically on the district purchasing software.**
2. **Vendor's Name** – all Board checks are made payable to the vendor name listed on the purchase order. As some vendors have multiple mailing addresses, please ensure the proper vendor name, address and vendor number is used.
3. **Vendor's complete address** – the purchase order must include the vendor's complete address.
4. **Description of items, services, costs and catalogue numbers** – items and/or services requested are to be described clearly with correct and current catalogue numbers and costs. Please use the most recent catalogue available.
5. **Shipping Costs** – appropriate shipping and handling costs are to be added to all purchase orders. Please read the catalogue or contact the vendor to determine actual shipping and handling charges when in doubt.

If you are unable to ascertain the actual charges, type:

"10% Estimated Shipping and Handling"

If there are no shipping or handling charges, type:

"Shipping and Handling Included"

6. **Delivery Address – Attention Of** – the delivery address should include the name of a department or person.
7. **Types of Delivery** – the Beverly City Board of Education recognizes two types of delivery:
 - a. **INSIDE DELIVERY** – items are to be delivered to a Board of Education location, removed from the truck by transportation carrier personnel and brought to a designated area inside the school or office.
 - b. **SPOTTED DELIVERY** – items are to be delivered to a Board of Education location, removed from the truck by transportation carrier personnel and brought to a designated area inside the school or office. Then, either transportation carrier personnel or other personnel (commonly representatives of the vendor) are responsible for uncrating, setup and assembly of the goods. The vendor or his representative is responsible for ensuring that the goods are in good working order and for the removal of all debris to the satisfaction of the Beverly

City Board of Education within five working days. For example, spotted delivery would be appropriate for a new copier. Please ensure that all purchase orders have the correct delivery designation.

4

8. **Total Cost** – please include the words “Total Cost” on the purchase order with actual total cost of the order. Please verify your figures for accuracy. NOTE: the Board of Education is exempt from paying sales tax.
9. **Budget Account Number** – please be sure the correct Budget Account Number(s) is included on the purchase order. Please contact the Business Office if you have questions or encounter difficulty; the purchase order system will not permit the entry of a purchase order that exceeds any budget line item limit.
10. **State Contract Orders** – when utilizing a State Contract vendor, please include the following: State Contract number, shipping and handling included and any other documentation required. NOTE: it is the responsibility of the requisitioner to verify that a vendor has a valid State Contract FOR THE GOODS OR SERVICES TO BE ORDERED. Go to www.state.nj.us/treasury/purchase/contracts/htm for State Contract information; just because a vendor has a State Contract vendor number does NOT mean that the vendor may sell any kind of goods under the State Contract number.
11. **Quotations** – if quotations are obtained, please forward a copy of each quotation received. Please note the quotation date on the quote.
12. **Bids** – if bids are obtained, please enter the bid number and bid date on the purchase order.

B. Responsibilities of Administrator, Supervisor or Principal

Administrators, Supervisors and Principals must ensure the following before a purchase order is created:

1. **Funds are available** – review to make certain that funds are available in the appropriate line item in the budget to cover the full cost of the order.
2. **Purchase order completion** – check to determine that items 1 through 12 above have been properly completed.
3. **Appropriate approval** – administrators, supervisors, department heads and clerical staff should ensure that they have obtained approval from their supervisor before entering a purchase order. When in doubt if appropriate approval has been granted, do not submit a purchase order.
4. **Completion of the Receiving Copy** – once the purchase order has been approved and printed, the Business Office will send to the requisitioner two copies of the purchase order. The goldenrod Requisitioner's Copy should be kept on file for reference. The blue Receiving Copy should be signed and returned **ONLY AFTER THE GOODS OR SERVICES HAVE BEEN SATISFACTORILY DELIVERED**. If you do not receive these two copies of the purchase order within two weeks of approval of the purchase order, please contact the Business Office.

C. Responsibilities of the Superintendent of Schools

The Superintendent reviews each purchase order to determine the educational or operational value of each order. If he/she has any questions, he/she will contact the requisitioner or other appropriate district personnel.

D. Responsibilities of the Business Office

The School Business Administrator reviews each purchase order. Particular attention is given to the following:

- 1. Available Funds – purchase orders are divided by account and checked to determine if funds are available within the account. If not, the purchase order is returned by the Business Office to the originator with a memo of explanation.
- 2. Appropriate Account - each line item on each purchase order must be appropriate. The use of any line item for any type of expense is proscribed by the State Department of Education in the Chart of Accounts. If there is any question regarding which line item(s) to use, please contact the Business Office in advance. Occasionally, the temptation arises to charge all or part of a purchase order to a line item that, while inappropriate, has funds available. THIS IS NOT A PERMISSABLE PRACTICE.
- 3. Review for compliance with bid and quote requirements- the School Business Administrator reviews for compliance with law, regulation and Board policy for compliance, particularly with the quote limit (\$5,400) and bid limit (\$36,000).
- 4. Document review - pursuant to various State laws, the School Business Administrator must ensure that the following documents are on file as circumstances require in the Business Office before the purchase order may be approved:
 - a. Certificate of Employee Information Report for Affirmative Action
 - b. Business Registration Certificate
 - c. Political Contribution Disclosure Form
 - d. Prevailing wage certification
 - e. IRS Form W-9 for unincorporated vendors

Administrators recommending contracts for professional services need to secure the Political Contribution Disclosure form from the vendor at the time the quote is submitted. The form must be forwarded to the Business Office at least 5 days before a contract may be awarded. A blank copy of the required form is included in the Appendix.

- 5. Review of the Purchase Order – the purchase order is also reviewed for:
 - a. correct account number
 - b. appropriate shipping charges included
 - c. correct State contract number, if applicable
 - d. complete vendor address
 - e. correct delivery instructions

Incomplete or incorrect purchase orders will be returned with an explanation of any deficiencies.

The purchase orders are only mailed once a month after Board approval – please plan ahead.

- 6. Transfer of Funds – the Business Office processes purchase orders only if there are appropriate funds to cover the purchase. Purchase orders lacking sufficient funds are sent back to the originator for a possible request to transfer funds. All requests to transfer funds are to be sent to the School Business Administrator. *Only the Board of Education may approve a request to transfer funds at a public meeting.*

E. Responsibility of the Vendor

The Business Office sends the purchase order and the voucher to the vendor. The vendor must sign and return the voucher with an invoice before payment may be made; if you happen to receive the signed voucher in error, please forward it to the Business Office.

The following are required in order to make payment to a vendor:

1. a signed voucher
2. an invoice
3. a received copy of the purchase order, signed by the requisitioner
4. any other documentation required by law or regulation

F. Employees Prohibited from Signing Contracts

The School Business Administrator is the only district employee authorized to sign any purchasing contract. In some cases, upon approval by the Board, the Board President's signature is also required on a purchasing contract.

Contracts signed by unauthorized persons shall not be considered binding by the Beverly City Board of Education.

G. Contracts: Purchase Orders Required

The award of a contract to a vendor approved by the Board of Education at a public meeting does not automatically authorize any employee to purchase materials or services from the vendor. All contract purchases require the issuance of an approved purchase order authorizing the service or material from the vendor.

H. Cancellation of Purchase Orders

All requests to cancel a purchase order must be made in writing to the Business Office. An explanation of the request is required. The School Business Administrator maintains the sole right to cancel a purchase order.

I. Private Purchases Prohibited

Goods and services procured by the Beverly City Board of Education are exclusively for the use of the Beverly City Board of Education and, if applicable, other public entities or nonpublic schools. No one is permitted to use the Beverly City Board of Education purchasing system to acquire goods or services for themselves or anyone else, including any corporation.

BIDDING AND STATE CONTRACT PURCHASING

A. The Bid Limit of \$36,000

The Beverly City Board of Education is restricted by State law regarding how much money may be spent by the district on materials, supplies and services without seeking bids or using the State Contract system.

This restriction is called the **bid threshold** or **bid limit**. The bid limit is currently \$36,000. This means that any specific item, class of items or services of a similar nature, purchased by the district in the course of the fiscal year totaling more than \$36,000 must be competitively bid. This limit is imposed upon the entire district and not by location or individual schools.

Purchases may not be split, either by amount, vendor or fiscal year, to avoid the \$36,000 limit.

If you believe that your purchases MAY exceed the \$36,000 limit, please contact the Business Office promptly. The formal bidding process takes several weeks to complete.

Please also note that the delivery of furniture routinely requires eight to twelve weeks following the approval of a purchase order.

B. Exceptions to the Bid Limit

New Jersey law allows for some exceptions to the bid and quotation limits. There are approximately twenty exceptions; some of them are:

1. when purchasing through State Contract;
2. the purchase of professional services;
3. textbooks, copyrighted material, student produced publications, library goods;
4. legal notices, food supplies, insurance, election expenses and travel and conferences

Some of the categories listed above may be subject to the quote process; contact the Business Office for a determination.

C. State Contract Purchasing

Pursuant to NJSA 18A: 18A-10(a), a Board of Education may purchase goods and services through the State Contract system. If the purchase exceeds the bid threshold, the Board of Education must adopt a resolution awarding the contract.

D. Purchasing Computers and Related Hardware

If you plan to purchase computers or related hardware, please contact the Supervisor of Technology. He/she will be able to assist you with technical considerations and State Contract issues. This will also ensure district-wide compatibility.

E. Professional Services

A "Professional Service" is defined as a service rendered by a person who possesses a license that is the result of a prolonged, formal course of instruction. Examples are physician, attorney, therapist, engineer, architect or auditor (CPA).

Although Professional Services, as defined in Title 18A: 18A-5, do not require competitive bids or quotations, it is in the best interest of the Board of Education to obtain at least three proposals for most professional services. 8

All contracts for professional services or consultants must be approved by the Beverly City Board of Education if the contract exceeds \$5,400. If you plan to recommend a professional service, please be advised of the following:

1. an appropriate resolution must be placed on the Board meeting agenda;
2. with the resolution should be a written proposal from the consultant or vendor outlining the following:
 - a. name, street address of the consultant or vendor;
 - b. a description of the services to be provided;

- c. starting date and ending date of the service; and
 - d. the actual or estimated cost of the services.
- 3. the Political Contribution Disclosure form must be submitted at least five days prior to Board action; and
 - 4. the Business Office must prepare the required legal notice for publication.

A contract for professional services that is estimated to exceed the bid threshold must be advertised in the official newspaper of record for the district. The Business Office will ensure compliance with this requirement.

All resolutions are to be sent to the Superintendent's office with a copy of the written proposal attached. A written contract will be prepared following Board approval.

F. Cooperative Purchasing

The Beverly City Board of Education participates in several purchasing cooperative, including:

- 1. Office supplies
- 2. Paper
- 3. Science supplies
- 4. School supplies
- 5. Art supplies
- 6. Industrial arts supplies
- 7. Pupil transportation
- 8. Toner
- 9. Athletic equipment
- 10. Custodial supplies

These purchasing cooperatives should be used to maximum extent possible.

G. Purchases and Contracts Exceeding the Bid Threshold

Pursuant to State law, all purchases and contracts exceeding the bid threshold of \$36,000 shall be awarded by Board resolution at a public meeting of the Board of Education. This includes all items exempted from bidding and all State Contract purchases that exceed \$36,000. Only the purchase of textbooks, copyrighted material and emergency contracts are exempt from this requirement.

H. Student Activity Account Purchases

Pursuant to State law, purchases made through a Student Activity Account that exceed the bid threshold shall be awarded by the Board of Education at a public meeting.

Examples of items purchased through a Student Activity Account are:

- 1. class gift
- 2. class rings
- 3. field trips
- 4. proms
- 5. yearbooks

I. Increasing the Amount of a Previously Approved Purchase Order – Change Orders

There may be times when the original purchase order contract amount will need to be increased. To increase a previously approved purchase order, the responsible administrator will need to follow the Change Order Process.

Change Order Process

Any administrator or supervisor who identifies a need to increase an existing purchase order must complete a written request describing the need in sufficient detail to support the request. This written notification to the School Business Administrator should occur as soon as the need for additional expense is identified. UNDER NO CIRCUMSTANCES SHOULD ANY EXPENSE BE AUTHORIZED THAT EXCEEDS THE APPROVED AMOUNT OF ANY PURCHASE ORDER.

All Change Order Requests must be for goods or services that are directly related to and within the scope of the original purchase order.

The School Business Administrator shall review all requests and advise the Superintendent of his/her recommendation in writing, including the need, if any, to transfer funds within the budget. The Board of Education maintains responsibility for approval or disapproval of all change orders; the Board may delegate their responsibility by resolution to a specified school official.

EMERGENCY CONTRACTS

Emergency contracts are strictly regulated by NJSA 18A:18A-7. Only a situation that affects the health or safety of the occupants of school property and requires the immediate delivery of articles or the performance of a service to alleviate the emergency may cause an emergency contract to be issued.

Only the Superintendent, Director of Buildings and Grounds or a Principal may certify the existence of a situation that requires emergency purchasing. As soon as practicable, the notification must be reduced to writing and delivered to the School Business Administrator. If the School Business Administrator agrees that an emergency exists, he/she is then authorized to award a contract or contracts to respond to the emergency. The Board of Education is obligated to pay for any properly issued emergency contract. As soon as practicable, the School Business Administrator should notify the Superintendent. The School Business Administrator must send to the Executive County Superintendent and New Jersey Department of Education, Bureau of Facility Planning, within three days, a copy of all emergency contracts.

QUOTATION PROCEDURES

The threshold for seeking quotes is \$5,400. This means that any item, group of items or service of a similar nature to be purchased by the district in the course of a fiscal year that is expected to exceed \$4350 but be less than \$36,000 must be competitively quoted. At the discretion of the School Business Administrator, the required goods or services may be placed out to a formal competitive bid.

The law regarding the quotation process may not be circumvented by splitting purchases so as to be under the quote threshold. Purchases may not be split among vendors or across fiscal years so as to evade the quotation process.

The district must receive at least three quotations for any purchase subject to the receipt of quotes. Evidence of the quotes must be attached in writing to the resulting purchase order. While quotations may be obtained over the phone, detailed records of the date, person contacted and amount quoted must be maintained and attached to the resulting purchase order. Written quotes are encouraged.

Quotes must be obtained from bona fide providers; it is not permissible to seek a quote from an entity that would not be reasonably expected to provide a valid quote. For example, a landscaping company would not be expected to quote on the provision of school supplies.

In some circumstances, a firm that would ordinarily be expected to provide a quote may decline to quote. While such a situation may count as one of the required quotes, it is preferable to find a vendor who will quote a price for the provision of goods or services.

Purchases made under a State Contract do not require quotes.

No goods or services provided under the quote process may be used for more than one year from the date of the original purchase order without seeking new quotes. The quoting process is required to be undertaken annually for all contracts that are subject to the quotation process.

PURCHASE ORDER ISSUES

A. "Received Copy"

A "Received" copy (the blue copy) of each purchase order will be sent to the requisitioner. A purchase order will not be paid until the requisitioner has certified satisfactory delivery of the goods or services. Do not sign off on the received copy until you are sure that the vendor should be paid. Return signed copies promptly to the Business Office.

B. “Back Orders”

In the event that you receive a partial delivery of an order, make a copy of the “Received” copy of the purchase order and note the items that were satisfactorily delivered. Return this copy to the Business Office and retain the other copy pending the receipt of the balance of the goods.

C. Missing, Incorrect or Damaged Goods

Follow the same procedures indicated above for back orders. Notify the vendor promptly in writing of all problems.

TRAVEL

ALL travel must be approved in advance by the employee’s Supervisor or, in the case of the Superintendent, the Board of Education.

PRIOR approval by the Board of Education is REQUIRED for ALL out-of-district training or seminars over \$150. If overnight attendance is required for any conference, convention, athletic event, training or seminar, the cost of ALL travel and lodging must be approved in advance by the Board of Education. Therefore, it is imperative to adequately plan for all travel well in advance. There are limitations on the cost and mode of travel and overnight accommodations imposed by State and Federal law; please contact the Business Office well in advance of any travel, particularly any travel that will involve overnight travel, in order to comply with the latest rates and rules.

ETHICS IN PURCHASING

Financial Interest in any Contract, Direct or Indirect

No employee or Board Member may have any direct interest in any contract or agreement for the sale of goods and services to or from the Board of Education, nor receive any benefit, compensation or reward from any contract for the sale of goods and services to or from the Board of Education (NJSA 18A:6-8).

Solicitation or Receipt of Gifts from Vendors – Prohibited

School Board members, school officials and employees, or members of their immediate family are prohibited from soliciting, receiving or agreeing to receive any compensation, reward, employment, gift, meal, honorarium, travel, reimbursement, favor, loan, service or other thing of value from any person, firm, corporation, partnership or business that is a recipient of a purchase order from the district or a potential bidder or an applicant for any contract with the district, based upon an understanding that what is solicited or offered was for the purpose of influencing the Board member or school employee in the discharge of their official duties. This policy shall be consistent with the School Ethics Act (NJSA 18A:12-21 et seq) and regulation (NJAC 6A:10-2.1(7f)).

School District Responsibility – Recommendation of Purchases

School officials and employees who recommend purchases shall not extend any favoritism to any vendor. Each recommended purchase should be based upon the quality of the items, price, service, delivery and other applicable factors in full compliance with NJSA 18A:18A-1 et seq.

School officials and employees are to avoid recommending purchases from members of their families, businesses that employ themselves or members of their families and from businesses in which the official, employee or members of their immediate family have a direct financial interest.

School officials and employees who are authorized to approve purchase orders and/or to recommend purchases or business transactions by virtue of their approval of a purchase order certify that their actions are consistent with this policy and all applicable laws and regulations (NJAC 6A:10-2.1(7f)).

Vendor Responsibility – Doing Business With the Board of Education

Any vendor doing business or proposing to do business with the Beverly City Board Of Education shall neither pay nor offer to pay, either directly or indirectly, any fee, commission or compensation, not offer any gift, gratuity or other thing of value of any kind to any official or employee of the Beverly City Board of Education or to any member of the official's or employee's immediate family.

No vendor shall cause to influence or attempt to cause to influence any official or employee of the Beverly City Board Of Education in any manner which might tend to impair the objectivity or independence of judgment of said official or employee.

Vendor Certification

Vendors will be required to certify that no official or employee of the Beverly City Board Of Education or their immediate family members are directly or indirectly interested in any contract with the vendor nor have any interest in any portion of the profits thereof. The vendor making the certification must be an independent vendor and not an official or employee of the Beverly City Board Of Education.

Violations of the Policy

In accordance with NJAC 6A:10A-4.1(f)iii and NJSA 18A:6-8, any school district employee who violates the terms of Board Policy may be subject to the withholding of annual increments, suspension, demotion, school ethic complaint, termination and/or revocation of license to teach or administer (NJAC 6A:10-2.1(7f)).

Annual Completion of Forms

All Board Members and any district employee who may recommend the selection of any vendor to whom the district may pay funds must annually file forms required pursuant to the School Ethics Act, NJSA 18A:12-21 et seq.

Title: Professional Services

Subtitle: Legal Services

Procedure:

1. In order to comply with State regulations, the Board will authorize the designated persons (e.g., Superintendent of Schools and/or the Business Administrator) to contact legal counsel. The designated persons shall ensure that legal counsel is not contacted unnecessarily for management decisions or readily available information contained in district materials such as Board policies, administrative regulations, or guidance available through professional source materials.
2. If legal advice is requested by any District employee other than the designated persons listed, a request for legal advice shall be made in writing and shall be maintained on file in the administrative office. The designated person(s) will determine whether the request warrants contracting the District Counsel.

Payments for legal services will comply with payment requirements and restrictions pursuant to N.J.S.A.18A-19-1 et seq. as follows:

- A. Advance payments are prohibited
- B. Services to be provided shall be described in detail in the contract
- C. Invoices for payment shall itemize the services provided for the billing period
- D. Payment shall only be for services actually provided

The Board of Education will annually establish, prior to the budget preparation, a maximum dollar limit for each type of professional service, including legal services.

In the event it becomes necessary to exceed the established maximum dollar limit for the professional service, the Superintendent shall recommend to the Board of Education an increase in the maximum dollar amount. Any increase shall require formal Board action.

3. Contracts for legal services will be issued by the Board in a deliberative and efficient manner such as through a request for proposals based on cost and other specified factors or another comparable process that ensures the district receives the highest quality services at a fair and competitive price or through a shared service arrangement. Contracts for legal services shall be limited to non-recurring or specialized work for which the district does not possess adequate in-house resources or in-house expertise to conduct.

Subtitle: Maintenance and Computer Work Order System

Procedure: Maintenance and Computer Work Order System

In order to ensure that building maintenance and computer projects are done in a timely fashion, the SchoolDude.com work order system must be followed. Work orders may generated by the teachers or other school personnel but must be forwarded and approved by the building Principal. The Principal's office will log in the work order request through the School Dude program. No maintenance or computer projects will be started without a work order request. The work orders will be processed in the order they are received. The Supervisor of Buildings and Grounds will prioritize the work orders according to the date needed and the urgency of the work that needs to be done. The Supervisor of Buildings and Grounds will send a notice upon completion of the project.

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF
WORK, HEALTH & SAFETY)

BEVERLY CITY SCHOOL DISTRICT
NEW JERSEY

Title: Facilities (includes administration of work and health and safety)

Purpose: The Board of Education recognizes that adequate facilities must be provided to all students and that it must maintain all buildings so that students have a safe and healthy environment in which to learn.

Procedure:

Building Coordinator

- While any staff member could contact the Buildings and Grounds Office, the building principal or his designee has the responsibility to be the contact person for the facility to handle communication and administrative details. The Building Principal generally approves and forwards written requests for long term and elective maintenance.
- During the periods of school vacations, the head building employee will assume the responsibility to forward the work requests to the Building and Grounds Department.

Planning for Alterations and Remodeling

- The first step that a school must take before deciding on all major or minor elective alterations or change in use of space is to communicate in writing to the Business Administrator. He will review and submit all requests for remodeling to the Superintendent of Schools.
- After the Superintendent approves the request, it will be sent to the Buildings and Grounds Department to obtain a project cost estimate for the proposed work. A source of funding must be identified before the project will move to the design and construction phases. Once the project is funded, the manager of capital projects will be instructed to prepare the proper documentation to submit to the County Superintendent or the Department of Education for approval. Application for building permits, bid specifications, plans and drawings must be produced to assist the requestor through the design and construction phases. Keep all concerned informed of scheduling and major events.

Maintenance and Repair of Equipment

- The Buildings and Grounds Department holds contracts with several service companies who provide maintenance and repair services such as elevators, fire alarms, burglar alarms, clock repairs and public address systems.

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF WORK, HEALTH & SAFETY)

- The Maintenance Department is prepared to carry out some renovations, alterations and improvements and support buildings in order to offer a safe environment. These operations must be scheduled in advance.

Noise Control

- The Maintenance Department attempts to schedule work with high noise potential at times least likely to be disruptive. However, it is not always possible to delay emergency repairs.

Pest Control

- The Buildings and Grounds Department provides exterminator services to rid the building of rodents, insects and other pests in accordance with the district's Integrated Pest Management Plan.

Recycling

- Materials such as newspaper, glass containers, aluminum cans, office paper and corrugated cardboard are recycled. Recyclable materials are to be left in containers properly labeled and located in areas throughout the buildings.

Refuse Collection Services

- Trash collection is provided by contract and is under the supervision of the Buildings and Grounds Department. It is done on a regularly scheduled basis. Requests for special pickups must be directed to the Supervisor of Buildings and Grounds.

Chemical Hygiene and Disposal of Hazardous Wastes

- The district shall maintain its Chemical Hygiene plan and update it on an annual basis.
- Chemicals, oils, paints, radioactive materials or other hazardous waste should not be disposed of in trash or waste water collection systems.

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF
WORK, HEALTH & SAFETY)Right To Know

- The district will maintain up to date Right to Know logs and ensure that all employees are provided training at the time of initial employment.
- Retraining will also be provided as required.

Safety/Accident Reporting

- All accidents are to be reported verbally immediately to the central office and also the School Business Administrator on the appropriate district approved form. Following review by the School Business Administrator, the accident form may be forwarded to the district insurance carrier in accordance with the district's risk management procedures.

Asbestos Management

- The district shall maintain its AHERA management plan and ensure that it is updated every three years.

Fire Alarm Systems

- The district shall ensure that annual inspections are performed on the fire alarm system. It shall also conduct monthly inspections of all fire extinguishers.

Boilers

- The district will ensure that all boilers are inspected annually.
- The district will ensure that a properly licensed boiler operator is on site whenever the boilers are running and buildings are occupied.

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF
WORK, HEALTH & SAFETY)

Safety Inspections

- The district will ensure that all health and safety inspections are done on a regular basis, in accordance with the NJ Department of Education evaluation of school buildings checklist

Long Range Facility Plan

- The district will ensure that it submits all required documents for its Long Range Facility Plan to the Department of Education on a timely basis

Comprehensive Maintenance Plan

- The district shall annually approve its three year comprehensive maintenance plan which shall include corrective and preventative measures for the interior and exterior of each building

OSHA/PEOSHA requirements

- The district shall comply with all OSHA and PEOSHA requirements including but not limited to lockout/tag out and confined spaces procedures

TITLE: Facilities Maintenance & Repair Scheduling and Accounting

SUBTITLE: General

PURPOSE: To have an automated work order system for prioritizing, performing and recording all maintenance repair requests for all district buildings and grounds.

Whenever a school district employee wants to request a repair or an enhancement from the Maintenance Department, they should complete a maintenance request. The maintenance request should be generated by the person making the request. Employees are encouraged to enter their request directly into the web-based work order system instead of using the paper form. The web-based system and paper form have been designed to include all information required by N.J.A.C. 6A:23A-6.9.

Prioritization

The work order must first be approved by the building principal and the Supervisor of Buildings and Grounds before any work is performed. The work orders will be performed in the following priority order:

- A. Emergency – An emergency is a situation that poses an imminent threat to the health or safety of occupants of school property which requires the immediate delivery of goods or the performance of services. Normal purchasing procedures may be waived in the event of an emergency.
 1. An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service.
 2. Within three days, the Superintendent shall inform the County Superintendent of the nature of the emergency and the estimated needs to respond to it.
 3. The emergency purchasing procedures may not be used unless the need for the goods or the services could not have been reasonably foreseen.
 4. The contract shall only cover the necessary tasks to alleviate the emergency.

WORK, HEALTH & SAFETY)

- B. Safety – A safety issue exists when the issue could lead to the injury of any occupant of the building. Examples would include broken locks, water leaks, etc.
- C. High – A work order should be categorized as high if the situation is in violation of laws or regulations or board of education policy. Examples would include broken heaters or air conditioners in violation of “Indoor Air Quality” rules or PEOSHA requirements.
- D. Medium – A work order should be categorized as medium for general repair work of an existing system that no longer works, such as a broken sink. The Medium category also includes items included in the annual Comprehensive Maintenance Plan and the district’s Strategic Plan.
- E. Low – A work order should be categorized as low for requests that are new items, such as a new shelf.

Within each priority category, work orders should be completed in chronological order. The Buildings & Grounds Supervisor may group work orders in order to complete them in an efficient manner. The Superintendent may authorize the completion of a work order in a priority order other than above.

Cost Benefit Analysis

Whenever the estimated cost of completing the work order, including labor and materials, is greater than the quote threshold, a cost-benefit analysis of outsourcing the work order shall be performed.

If the results of the cost benefit analysis indicate that it would be less expensive to outsource the work, the work shall be outsourced provided the work can be contracted in accordance with the Public Schools Contracts Law and it can be completed on time.

Completion Procedures

Labor & Materials:

The maintenance staff shall record the following for each work order:

- A. The actual hours worked by date.
- B. Whether those hours were at regular or overtime rate.
- C. The actual materials and supplies needed to complete the order.

The maintenance staff shall record these items either directly into the work order software or on the paper work order form and forward that form to the Maintenance Department for recording in the work order software. The work order should be marked as completed after the transactions are entered.

Close Out Procedures

The Supervisor of Buildings and Grounds shall review all completed work orders to ensure that they are properly classified and costed out for the Comprehensive Maintenance Plan. The work order should be marked as closed.

Contracted Services:

When a work order requires the hiring of an outside contractor, it should be assigned (in the software) to the Maintenance Department. If a contractor must be called in when the Maintenance Department is unavailable, they must be informed that a contractor is called. The Maintenance Department must mark on their calendar the contractor and the work order number for the service. They should initiate a requisition with an estimated amount for the service call. The work order number should be entered into the control number field on the requisition.

When the service is complete, the Maintenance Department should mark the work order as complete. When an invoice for the work is received, the maintenance department should enter it as a purchase transaction into the work order. The work order should then be marked as closed.

Planning

Prior to December 1st of each year, the Supervisor of Buildings and Grounds should conduct an analysis of the work order system to plan for the following budget year. The analysis shall include:

- A. Productivity of staff as a whole and individually.
- B. Variations between estimated and actual labor and materials costs.
- C. Unusual trends for like projects.
- D. The projected life expectancy vs. the date a building system/piece of equipment was put into place.
- E. Other factors that will improve productivity and efficiency.

NEW JERSEY

Title: Safety

Purpose: It is our goal to provide a safe and healthful environment for everyone that utilizes the district's facilities. This includes employees, students, and visitors to our district.

Providing a safe environment goes beyond the obvious of properly maintaining buildings and grounds. A safe environment entails the attitude of the people occupying that environment. Therefore, we believe that safety is an attitude which must be cultivated and reinforced.

Procedure: The Superintendent of Schools shall appoint a District Safety Coordinator with the responsibility of establishing and implementing a continuing effective safety program. The district goal is to eliminate lost time accidents. The program must involve all employees and students of the district. Employees should be involved through periodic safety meetings. Students should be involved through classroom instruction by the appropriate educators.

The Safety Coordinator shall organize a safety committee with at least the following employees involved to ensure all areas of the operation of the district are represented: Supervisor of Buildings and Grounds, Cafeteria Supervisor, School Business Administrator, a school nurse, principal and other staff deemed necessary.

The Safety Committee will meet periodically during the year.

The Safety Coordinator will be responsible for working with the Safety Committee to define the safety program. However, these points must be covered:

1. Accident investigation and accident trend analysis.
2. Safety themes identified for use at meetings.
3. Remediation of hazards.
4. Modification to improper work methods.
5. Safety guidelines and specific rules for each area of each building in the district.
6. Proper PEOSH- 200 log maintenance.

Each employee and student will be responsible for obeying the safety rules established. Disregard of these rules will automatically cause a progressive disciplinary system to be enforced, which ultimately could lead to termination from the district.

SECTION X- RISK MANAGEMENT

BEVERLY CITY SCHOOL DISTRICT
NEW JERSEY

Title: Loss Control

Subtitle: Injuries

Procedure:

WORK-RELATED STAFF INJURIES & ILLNESSES

All work related accidents and illnesses must be reported by the employee to their Supervisor as soon as possible. If the employee is incapacitated, a Supervisor, Nurse or witness should provide a written statement. An employee's Supervisor and/or the School Business Administrator is responsible for arranging for treatment under Workers' Compensation, if necessary after the employee contacts the District's Workers' Compensation carrier.

If further specialized treatment is needed, it must be approved by the School Workers' Compensation physician who will refer the employee to a specialist for this treatment. Failure to utilize the Board's doctor will result in a possible rejection of the claim. The school's workers' compensation doctor or the referred doctor will determine when the employee may return to work. The report will be given immediately to the assigned Principal/Supervisor for review and signature and sent to the Business Office.

If the accident or injury is an emergency, the employee may be treated at the nearest hospital and report the accident as soon as possible to their Supervisor. The employee should instruct the hospital, doctor or pharmacy to forward all bills to Business Office (Workers' Compensation Claims). It is NOT recommended that the employee use his/her personal insurance card as this will complicate and delay the prompt payment of any medical bills.

After examination or treatment by the Workers' Compensation doctor, emergency doctor or referred doctor, the employee must report back to work with the Return to Work Form.

LITIGATION/LIABILITY

Any incidents having the slightest possibility of potential litigation/liability must be reported to the Business Administrator immediately.

SECTION X- RISK MANAGEMENT

INJURIES TO VISITORS ON THE PREMISES

For injuries to visitors in the building or on the premises, the same procedure should be followed as for injuries to pupils, except the office of the Business Administrator will be notified as to when and where the accident occurred. It is important that in the description of the accident it is clearly stated that the injuries are not a staff member or student. When an injury occurs call the Business Office for more information.

Title: District Vehicle Assignment

Purpose: To ensure compliance for the assignment of district vehicles for the conduct of official district business.

Procedure:

1. The Board shall adopt a policy or policies regarding district vehicle assignment that will ensure compliance.
2. The Board upon the recommendation of the Superintendent may authorize the lease, lease-purchase or purchase and assignment of district vehicles for the conduct of official district business. The vehicles may be assigned either to individuals or to units within the school district for pool use according to the following classifications:
 - a. Vehicles may be assigned permanently and individually to the Superintendent, School Business Administrator, head of facilities services, head of security services, or other supervisory employees who based on their job duties may be called on a 24 hour, seven-day a week basis. No individual assignment shall be made for the primary purpose of commuting.
 - b. A unit may be permanently assigned one or more district pool vehicles only if the employees of the unit will collectively use the vehicle or each vehicle for more then an average of 750 miles per month on official district business. Pool vehicles shall not be used for the purpose of commuting and shall remain at a district facility when not in official use.
3. Board members or employees may be temporarily assigned a district vehicle for travel events.

4. Vehicle use logs shall be maintained for all individual and pool assignments in order to accurately record all usage of each vehicle, including the driver, mileage, and starting and destination points.
5. All complaints of a potential misuse shall be investigated and appropriate disciplinary action taken.
6. All changes to vehicle assignment, whether pool or individual, shall require prior written approval of the Superintendent and the authorization of an affirmative majority vote of the full Board.
7. No luxury vehicle, one which exceeds the greater of \$30,000 or any current dollar limit established in Internal Revenue Service law or regulation, shall be purchased, lease-purchased or leased by the District. If a vehicle is assigned to the Superintendent, it may be a full-size or intermediate, four-door sedan of the non-luxury class. All other vehicles shall be compact sedans, unless special passenger, cargo, equipment, or use requirements make the standard vehicle unsuitable for documented district needs.
8. The district vehicle shall be used primarily for business purposes; however, incidental and reasonable personal use is permitted.
9. All damage to district vehicles, regardless of cause, shall be reported within 24 hours to the vehicle coordinator and the employee assigned to file insurance claims.
10. No physical alterations shall be made to a vehicle without prior board approval.
11. Drivers of district vehicles shall possess and maintain a valid driver's license to operate a vehicle in New Jersey.
12. When a vehicle is due for routine maintenance in accordance with the manufacturer's schedule, the driver of an individually assigned vehicle or, in the case of a pool vehicle, the School Business Administrator shall be responsible for ensuring that the vehicle receives the scheduled service.

13. A driver assigned a district vehicle shall be responsible for the security of the vehicle and its contents.
14. Drivers shall be personally responsible for all fines accrued as a result of traffic violation related to operation of district vehicles.
15. The driver, or the driver's supervisor, if the driver is incapacitated, of a district vehicle involved in an accident resulting in damage to the district vehicle or other vehicle shall file, within 24 hours of the accident, a detailed written report with the vehicle coordinator and the district staff member responsible for making insurance claims.
16. Police shall be immediately notified of an accident by the driver or Supervisor if the driver is incapacitated. A copy of the police report shall be submitted to the vehicle coordinator and the district staff member responsible for making insurance claims as soon as possible.
17. If a district vehicle is misused in any of the following ways, the driver's driving privileges for district vehicles shall be suspended or revoked, and additional disciplinary action shall be taken as appropriate.
 - a. Frequent violation of traffic laws;
 - b. Flagrant violation of the traffic laws;
 - c. Operation of a vehicle which the police or insurance company determined was the cause of an accident;
 - d. Use of a vehicle for unauthorized use whether personal use, business use, or commuting;
 - e. Violation of these rules, or district policy governing the assignment, use, operation, repair, and/or maintenance of vehicles. This includes the failure to submit a vehicle for routine maintenance as called for in the manufacturer's routine maintenance schedule;
 - f. Operation of a vehicle while impaired to any degree, or under the influence of alcohol or narcotics as defined by State statutes;
 - g. Use of a district vehicle by an unauthorized individual while assigned to an employee;
 - h. Use of a district vehicle to transport any person or child, other than in the course of their assigned duties and responsibilities; or
 - i. Use of radar detectors in district vehicles.
18. The Board shall establish a policy for progressive, uniform, and mandatory disciplinary actions to be applied as necessary.

SECTION XII– FOOD SERVICE

BEVERLY CITY SCHOOL DISTRICT NEW JERSEY

Title: Food Service

Purpose:

The Board of Education recognizes that food service is required for the promotion of education. The Board has the responsibility to provide food services to all students.

Procedure:

Application for Participation in Child Nutrition Program

- Before the beginning of each school year, School Business Administrator files the appropriate paperwork with the Bureau of Child Nutrition to participate in the Free and Reduced Meal Program.

Direct Certification

- Students eligible for TANF and/or Food Stamps must be directly certified by the State. In these cases, the district sends a letter to the household and notifies them of their child's lunch status before school even begins. In these instances, no lunch applications need to be filled out.

New Students

- Upon registration, new students are given applications for free and reduced meals.

Free and Reduced Meal Applications

- Business Office Secretary provides Applications for free and reduced meals to each school before the opening of school. The applications are disseminated by the school to students and then returned to school upon completion.

Determining Eligibility for participation in the Child Nutrition Program

- The School Business Administrator determines eligibility in accordance with applicable regulations established by the Department of Agriculture. After determination, letters are sent to all applicants advising them of their status (i.e. free, reduced or denied). All applications are maintained in the central office as required by the State.

Master Eligibility List

- A master eligibility must be completed and is maintained by Business Office Staff. This is a comprehensive list of all students who filed an application and indicates their status as free, reduced or denied. The master eligibility list is maintained for each school (location) as well as district-wide as required per regulations.

Civil Rights Compliance

- Per regulation, a Civil Rights Compliance is completed each year. Using the October 15th student data, lists are maintained by school, broken down by ethnic group and further broken down by status of free, reduced and denied.

Verification

- By November 15th, the required percentage of applications deemed eligible for free and reduced are verified. These applications are chosen at random and applicants are asked to provide name and social security number for each adult listed on the application as well as proof of income.

Bidding

- Milk and other food items are subject to the bidding requirement of the New Jersey State Contract Law. The Food Service Management Company contract will be renewed and/or re-bid in accordance with applicable law.

Daily Deposits

- Deposits are prepared daily, by school and reconciled to the register tapes by food service management company personnel. They are then put into a locked bank bag and deposited. Deposit totals are reconciled to the bank statement by business office personnel.

Setting Prices

- Each year, the Board of Education sets prices for food services. Every effort is made to set prices that are affordable for students but enable the food services to operate without contribution from District funds.

Voucher Certification/submission

- Each month, Food Service Management Company personnel and/or the Business Office enter meal counts into the Department of Agriculture meal reimbursement system in SNEARS (School Nutrition Electronic Application System). These meal counts are then verified by the Business Office and then certified by the School Business Administrator so that State reimbursement can be made.

Commodities

- The district shall participate in the commodities program offered by the New Jersey Department of Agriculture.

TITLE: Technology Systems

SUBTITLE: Physical security over technology equipment, peripherals and media

PURPOSE: In order to ensure the overall performance of the technology systems, the equipment must be protected from harm, abuse, misuse and pilfering.

1. Rooms or areas that house more than one server will be secured by mechanical means (locks). Access to these areas should be restricted to authorized personnel only.
 - a. Keys that allow access to the areas should be limited in number and accounted for regularly.
 - b. Review of the personnel who has access to these areas should be reviewed several times a year.
2. Rooms or areas that house large amounts of computer or technology equipment (including server rooms, switch closets and computer labs) when feasible should have environmental controls to ensure the proper heating, cooling, ventilation, and dehumidification is provided.
3. All computer and technology equipment should be tagged and inventoried. Annually the equipment should be physically verified against the inventory log for existence and location verification.
 - a. Verification should be made periodically to ensure that equipment is still located where the inventory record states. When equipment is moved, the inventory record should be updated.
 - b. Laptops and other portable pieces of equipment should be accounted for periodically by requiring the users to provide the piece for physical inspection.

SECTION XIII- TECHNOLOGY SYSTEMS

- c. Inventory should be kept of computer related parts, supplies, consumables, and peripherals.
4. Cables and other locking mechanisms should be utilized when appropriate to secure individual pieces of equipment.
5. A master set of user manuals should be maintained and secured to ensure continuity of operations should other versions be destroyed.
6. Media, such as disks, tape and other output should be protected in locked areas or cabinets. Media that is utilized for back-up of information, applications or systems should be held in another area, building or in a fire-rated cabinet. Aging media should be transferred to a current technology.

SECTION XIII- TECHNOLOGY SYSTEMS

BEVERLY CITY SCHOOL DISTRICT
NEW JERSEY

TITLE: Technology Systems

SUBTITLE: Security over data – passwords and user accounts

PURPOSE: In order to ensure the overall performance of the district via its technology systems and data.

1. Password protection should be utilized for all network logons. Individual applications should also require users to have passwords.
 - a. Users should be reminded not share or write down passwords.
 - b. Passwords for network access should be changed periodically.
 - c. Passwords for applications should be changed periodically.
 - d. Passwords should be user generated and not stored whenever possible, with only reset ability housed at the technology department level.
2. User accounts should only be made for network access and individual application access as required for the completion of the staff duties or learning opportunities for students.
 - a. No user profiles should be created, changed or deleted without proper authorization.
 - b. Access to district wide public folders should be restricted based on user role.

SECTION XIII- TECHNOLOGY SYSTEMS

BEVERLY CITY SCHOOL DISTRICT
NEW JERSEY

TITLE: Technology Systems

SUBTITLE: Systems software and applications authorized for use in the district

PURPOSE: The number, type and scope of individual applications should be monitored to maximize the efficiency of the technology while not creating an overly complex environment.

1. Purchase and use of new applications, including those that are web hosted and not actually owned by the district should require approval of the superintendent and business administrator. Among considerations should be any licensing issues, purpose of application, and compatibility of the new application with the current infrastructure. The need to expand the infrastructure as a result of the new application (for example, video sharing software may need additional storage).
 - a. Before new applications are purchased, there should be a determination of the needs of the district, a review of available solutions, a compatibility test with existing infrastructure and a determination of the needs satisfied by the application.
 - b. Before implementation of new applications, timelines and deliverables should be established. The deliverables would include what is expected of the application and the time frame for each.
 - c. Before installation of new applications, back-up of systems should be done in case of incompatibility and adverse reactions to the new software. Baseline information should be held.
 - d. Hardware requirements for the new application should be identified and purchased well in advance of installation of new applications, if needed. This allows for the proper testing of the new hardware.

BEVERLY CITY SCHOOL DISTRICT

TITLE: Technology Systems

SUBTITLE: Protect the district's network from internet dangers

PURPOSE: The district needs to employ several layers of protection to ensure that unauthorized access to the network does not occur.

1. Anti-virus Application is in use and automatically updated and forced automatic rollouts to all district computers occurs on a regular basis to protect from computer virus contamination.
2. The district utilizes spam filters and anti-spyware software to minimize the potential for unsolicited and unauthorized access to the network.
3. The district utilizes an external firewall to prevent access from unauthorized sources.
4. The district will secure the wireless network by using WPA or other network level protective encryption to avoid access by unauthorized sources.
5. District will monitor wireless transmission to verify authentication of users.
6. Network administrators will periodically check systems ability to bind IP addresses to users on the network

BEVERLY CITY SCHOOL DISTRICT
NEW JERSEY

TITLE: Technology Systems

SUBTITLE: Protect the district's network from internal dangers

PURPOSE: Create procedures that prevent unauthorized use from within the district

1. The district utilizes "Lock Out", where the workstations and screensavers should automatically lock the unit when not in use for several minutes.
2. Access to the network should be requested, changed, added and deleted by authorized personnel only on behalf of those staff members who need access. There should be a form that requires signatures and sign-off by the technology staff that has completed the tasks.
3. User roles should be defined that allows for many users to be grouped together. The use of profiles allows for more standardization and efficiency in administering the security access of each application.
4. All application access will be reviewed periodically for discrepancies in the user roles and the access to sensitive information.
5. User authority is to be terminated immediately for all persons who leave employment. It is the responsibility of the Supervisor to work with the Technology Department to achieve prompt access termination.

BEVERLY CITY SCHOOL DISTRICT

TITLE: Technology Systems

SUBTITLE: Electronic Communication Archival

PURPOSE: Store electronic communications made within district

1. District will employ hardware solution to maintain electronic backups of all communications.
2. District will store all inbound and outbound messages as required by the Records Retention schedule.
3. Email archival system access will be restricted to secure district personnel.
4. Periodic checks of the email archival system will be made to ensure reliability.
5. Regular password changes will be made to the archival system to limit potential security breaches.
6. The district will use content filter to block any electronic instant messaging/chat program that cannot be monitored/archived.

TITLE: Technology Systems

SUBTITLE: Network Storage Availability

PURPOSE: To provide users with a secure area on the network to store files.

1. District will employ tools to allow users to save files on a secure server.
2. Systematic and regular backups will be made of network-stored data.
3. Access to individual network space will be restricted to individual users and network administrators.
 - a. Network administrators will create space limitations so as to not exceed the capacity of the server space
 - b. Users of the network storage system will agree to store content that is in agreement with the district's acceptable use policy.
4. Shared network storage will be monitored to ensure proper access based on security groups.
5. Network administrators will periodically check backups of the system.

Title: Technology Systems

Subtitle: Maintenance and Computer Work Order System

Procedure: Maintenance and Computer Work Order System

In order to ensure that building maintenance projects are done in a timely fashion, the School Dude.com work order system must be followed. Work orders may be generated by the teachers or other school personnel but must be forwarded and approved by the building Principal. The Principal's office will log in the work order request through the School Dude program. The program will ask for specific information regarding the exact location and the extent of the work. No maintenance projects will be started without a work order request. The work orders will be processed in the order they are received. The Supervisor of Buildings and Grounds will prioritize the work orders according to the date needed and the severity of the work that needs to be done. The Supervisor of Buildings and Grounds will send a notice upon completion of the project.

TITLE: Information Management

Subtitle: Acceptable Use of District Technology and Information

Purpose: To ensure that anyone who has access to district electronic resources understand what is acceptable use of the technology and information and ensure that anyone who has access to sensitive information understands the acceptable uses of that information.

Procedure:

1. The board has established a policy that informs all users of the districts' data, systems and information of the acceptable and non-acceptable uses of those district assets. The policy identifies students, staff, parents and guardians, and other users who may have access to the district's data, systems and information.
 - a. The students and staff are required to sign an acknowledgment of the policy and return that form to the district.
 - b. Other web users of information should be required to have an electronic acceptance on the web pages before data is displayed. These may include calendars, or web requests for use of facilities, these instances may require additional assurances as well.
 - c. All persons with sign-on to the district's network or to district data, i.e. parent portals, should be required to agree to the acceptable use policy, which should be listed.
2. The board has adopted an acceptable use policy that at a minimum should prohibit the following regarding electronic systems conduct that interferes with or stops district activities, including but not limited to excess download, uploads, printing, copying, bandwidth usage, etc.:

XIV-1.1

SECTION XIV– INFORMATION MANAGEMENT

- a. conduct any activity not related to the district's operation, including, but not limited to, advertising, soliciting business, or political lobbying

- b. Involvement in the violation of, or conviction for violation of, federal, state, or local statutes or regulations regarding computers, electronic communications, interstate commerce and/or security regulations. This includes, but is not limited to, material protected by copyright, trade secret, obscenity and related laws
 - c. Threats, harassment, libel or slander
- 3. This policy is reviewed annually for changes in the types of information used and in the types of technology used.
- 4. Information as referred to in the policy should not be limited to electronic information or simply the use of electronic systems. Controls need to exist over written information and paper files.
 - a. Individuals who have access to district records may not use the information for personal reasons.
 - b. Sensitive information should be stored in a manner that does not allow for easy access. In the case of electronic information, passwords and restrictions based on user should be employed. For written and paper files, information should be secured by locking cabinets, drawers and doors to offices that hold such information.
 - c. Copies of sensitive material should only be made in cases where it is necessary. Any copies of information that is sensitive in nature should be destroyed in appropriate manner, such as shredding.
- 5. All users of technology and all those who have access to sensitive district information should be required to sign an acceptable use form that states the person signing has read and agrees to uphold the policies set forth.
 - a. Forms should be signed at least annually and for any major change in position that allows access to additional information.
- 6. Violations of Acceptable Use Policy are spelled out in student and staff code of conduct.

XIV-1.2

SECTION XIV– INFORMATION MANAGEMENT

BEVERLY CITY SCHOOL DISTRICT
NEW JERSEY

TITLE: Information Management

Subtitle: Securing of sensitive manual (written or paper) information

Purpose: To ensure that sensitive information is proper handled and limit the potential exposure of information from being obtained through the district

Procedure:

1. All employees who have access to any of the following information, will be required to sign an acceptable use form on the proper methods of use, compilation, dissemination and destruction, when appropriate, and safe-guarding of that information.
2. The Superintendent and Business Administrator or designees will determine those records of a sensitive nature held in the district. The records include, but are not limited to staff, student, volunteer and board member personal information such as address, unlisted phone number, social security number, marital or guardian status, garnishment information, health related information, free and reduced lunch status and disciplinary information.
3. Sensitive information should be housed in a locked cabinet or behind locked doors.
 - a. Access to keys are restricted to personnel authorized to view the information
 - i. Keys should have "do not duplicate" on them and copies should be prohibited, except as needed
 - b. Areas housing sensitive information should be locked whenever the areas are not staffed
 - c. Wherever possible, sensitive information should be stored away from high traffic areas.
4. Original sensitive information files should be housed in a fire rated cabinet, where possible.
5. Backups of paper documents should be treated as sensitive. Electronic documents should be backed up daily and paper documents should be housed in locked areas.

Title: GLOSSARY OF COMMON SCHOOL ACCOUNTING TERMS

ACCOUNT - A descriptive heading under which are recorded financial transactions that are similar in terms of a given frame of reference, such as purpose, object, or source.

APPROPRIATION - An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

AUDIT - The examination of records and documents and the securing of other evidence for one or more of the following purposes:

- A. Determining the propriety, legality and mathematical accuracy of proposed or completed transactions.
- B. Ascertaining whether all transactions have been recorded.
- C. Determining whether transactions are accurately recorded in the accounts and in the statement drawn from the accounts.
- D. To determine whether the statements prepared present fairly the financial position of the school district.

AVERAGE DAILY ATTENDANCE, ADA - The aggregate days; attendance of a given school during a reporting period divided by the number of days school is in session during this period. Only days on which the pupils are under the guidance and direction of teachers should be considered as days in session.

BID - The process which includes legal advertising and direct contact, sought from appropriate vendors for goods and services individually or in the aggregate, whose cost is above the mandated bid threshold.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them.

CAPITAL OUTLAY - An expenditure which results in the acquisition of fixed assets or additions to fixed assets. It is an expenditure for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings and the remodeling of buildings, with the life expectancy of at least ten years.

CASH - Currency, checks, postal and express money orders, and bankers' drafts on hand on deposit with an official or agent designated as custodian of cash, and bank deposits.

APPENDIX

CHART OF ACCOUNTS - A list of all accounts generally used in an individual accounting system. In addition to account title, the chart includes an account number which has been assigned to each account.

Accounts in the chart are arranged by Fund, Program, Function and Object.

CONTRACTED SERVICES - Services rendered by personnel who are not on the payroll of the Board of Education including all related expense covered by the contract. Also see Purchased Services.

CURRENT - The term refers to the fiscal year in progress.

DEFICIT - The excess of the obligations of a fund over the fund's resources.

DISBURSEMENTS - Payment in cash.

ENCUMBRANCES - Purchase orders, contracts, and salary or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid.

EQUIPMENT - An instrument, machine, apparatus, or set of articles with a value of at least \$500 which retains its original shape and appearance with use and/or is nonexpendable; i.e., if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair than to replace it with an entirely new unit.

EXPENDITURES - Charges incurred, whether paid or unpaid, which are presumed to benefit the current fiscal year.

FISCAL YEAR - The twelve-month period from July 1, through June 30, during which the financial transactions of the school system are conducted.

FIXED ASSETS - Land, buildings, machinery, furniture, and other equipment which the Board of Education intends to hold or continue to use over a long period of time and costs over **\$2,000.00** when purchased. "Fixed" denotes probability or intent to continue use or possession, and does not indicate immobility of an asset.

FUNCTION - A group of related activities which are aimed at accomplishing a major service for which the school system is responsible.

FUND- All accounts necessary to set forth the financial position, the financial operations, the changes in residual equities or balances, and the changes in financial position of a fund.

GENERAL FUND - Used to account for all transactions in the ordinary operations of the Board of Education.

APPENDIX

INVENTORY - A detailed list or record showing quantities, descriptions, values, and frequently, units of measure and unit prices of property on hand at a given time. Also, the cost of supplies and equipment on

hand not yet distributed to requisitioning units.

INVOICE - An itemized list of merchandise purchased from a particular vendor from which payment is made. The list includes quantity, description, price, terms, date and the like, and is matched with the signed receiving copy.

OBJECT - The commodity or service obtained from a specific expenditure.

OBLIGATIONS - Amounts which the Board of Education will be required to meet out of its resources, including both liabilities and encumbrances.

PETTY CASH - A sum of money set aside for the purpose of paying small obligations for which the issuance of a formal voucher and check would be too expensive and time-consuming. Also, a sum of money, in the form of a special bank deposit, set aside for the purpose of making immediate payments of comparatively small amounts.

PROGRAM - A plan of activities and procedures designed to accomplish a predetermined objective or set of allied objectives.

PROGRAM MANAGER - The individual responsible for monitoring the expenditures within a particular program of the budget. This person usually determines what to purchase, originates purchase orders and receives goods and/or services.

PRORATING - The allocation of parts of a single expenditure to two or more different accounts. The allocation is made in proportion to the benefits which the expenditure provides for the respective purposes or programs for which the accounts were established.

PURCHASE ORDER - A written request to a vendor to provide materials or services at a price set forth in the order and is used as an encumbrance document.

PURCHASED SERVICES - personal services rendered by personnel who are not on the payroll of the Board of Education, and other services which may be purchased by the Board of Education.

REFUND - A return of an overpayment or over collection. The return may be either in the form of cash or a credit to an account.

REIMBURSEMENT - The return of an overpayment or over collection in cash.

REPLACEMENT OF EQUIPMENT - A complete unit of equipment purchased to take the place of another complete unit of equipment which is to be sold, scrapped or written off the record and serving the same purpose as the replaced unit in the same way.

REQUISITION - A written request to a school official for specified articles or services. It is a request from one school official to another school official, whereas a purchase order is from a school official to a vendor.

STUDENT ACTIVITY FUND - Financial transactions related to school-sponsored student activities and interscholastic activities. These activities are supported in whole or in part by income from students, gate receipts, and other fund-raising activities.

SUPPLY - A material item of an inexpensive, expendable nature that is consumed, worn out or deteriorated in use; loses its identity through fabrication or incorporation into a different or more complex unit or substance. Is expendable or subject to replace rather than repair if damaged or if some of its parts are lost or worn out.

TRAVEL - Costs for transportation, meals, hotel and other expenses associated with traveling on business for the Board of Education.

UNIT COST - Expenditures for a function, activity, or service divided by the total number of units for which the function activity or service was provided.

VOUCHER - A document which authorizes the payment of money and usually indicates the accounts to be charged.
