Before & After Care for School age Kids

Greater Philadelphia YMCA

WHO WE ARE

As one of the nation's largest providers of after school programs, the YMCA understands the changing landscape in schools and the need for engaging and healthy-focused programs so kids have a safe place to go before and after the school bell rings.

Combined with curriculum, training and a mission that began more than 175 years ago, we pride ourselves on a team of quality professionals with the industry experience that not only supports the child, but impacts the whole family.

We ensure all people -- across all dimensions of diversity -- feel welcome and valued as part of the Y family.

WHAT PARENT'S SAY?

"The staff is very friendly, happy and INVOLVED with the children. Just last week, the staff was singing, "My Favorite Things" with the children and this was at 7:30 in the morning!"

I would highly recommend this program to any parent in our school."
